

# ReDesign Services

1.5 hour Consultation  
then add on more if needed!

Our ReDesign Consultation gives you ideas or direction as well as a launching off point for additional project support. We determine style preferences, purposes, & inspiration, then brainstorm, sketch plans, measure colors, and work together to develop a do-able plan to reach your goal.

## Specific Color Palette

We can vastly narrow down the "overwhelm" when you are choosing whites and neutrals, tell you if or what colors will work together by taking color measurements, and develop paint palettes for you that will work together and with your fixed items.

Stress over color choices no more!  
(Get FREE large samples & some paint discounts!)

Color Name	SW	SW	SW	SW	SW	SW

## Mock-Ups of room and certain features

Love a certain look, but have no idea how it would look in your actual room? We'll bring the visualization to life for you! There's no better way to visualize the space than a personalized Mock-up, using colors and décor that you want to see before diving in!

## Mood Board / Idea Board

*See if you LOVE it!*  
Inspirational options help you see the possibilities! Mood Boards are customized for your space with your style, existing pieces, colors, patterns and décor you love! Visualize how it would all look together, and provide a launching-off point for shopping ideas or further sourcing and selection of products.

## 2D and 3D Floorplans

Wondering if or how your furniture will fit in your room, or how it will look space-wise? There's no better way to tell than with our computerized floor-planning program. We can even do a 3D "walk-through!" Save thousands and plan before you shop!
